

Vision for RE at Trevisker Primary School.

At Trevisker Primary we believe that effective, high quality religious education is essential in preparing our pupils for a purposeful, inclusive life in a culturally diverse society and wider world. We want to engage, inspire, challenge and encourage children to be excited to learn about the religious beliefs and the worldview of others. We believe children should have opportunity to develop the skills and knowledge to ask challenging questions and articulate their personal beliefs, ideas, values and experiences, whilst respecting the right of others to differ. Through building an understanding of religious traditions, beliefs and practices that are followed in our multicultural society and around the world, we will enable children to combat prejudice, inspire empathy, show generosity and compassion. Furthermore, ensuring we are providing our children the best possible start for life in Modern Britain

Our children experience many opportunities:-

Visitors and workshops providing children with a wide range of experiences and emersion into different cultures, religions and beliefs. Trips to local parishes, churches and local /museums with religious artifacts. Christmas performances and plays, St Piran's Day, Harvest festival celebration, careers and aspirations days, residential all embracing and celebrating cultures and religions around the world.

Intent

Pupils at Trevisker Primary School are able to develop an understanding and appreciation for the expression of beliefs, cultural practices and influence of principle relations and worldviews in the local, national and wider global community. Children will develop their discussion and reflection skills and build on becoming resilient, accepting, mindful and inquisitive learners.

Implementation

The RE curriculum is delivered through quality first teaching and is in accordance to the Cornwall Agreed Syllabus, incorporating Curriculum Kernewek. This scheme also provides opportunities for SMSC throughout and further promotes British Values, Protective Characteristics, The Prevent Duty and Personal Development.

Impact

By the time children leave Trevisker they will; have a deep understanding of the main religions of the world and their community; understand the relevance of RE in today's modern world; be able to learn from and work alongside each other to create community cohesion; make links between their own lives and others; show respect, tolerance and understanding for all.
